Origami Owl

Origami Owl was started by a 14 year old Young woman named Bella. She wanted to help buy her first car. Origami Owl is a locket based system. you start off by picking a base and a face to your locket, then you pick charms that tell your story. Once your locket is complete, you then add a chain and a dangle to complete the look. we have necklaces, bracelets, earrings and now watches and key chains!!! These make great gifts and awesome conversational pieces.
